Classic Alphabets **Full Size Stained Glass Alphabets & Numerals**

Stained glass designs for 6 complete alphabets in 3 different font styles.

Classic Alphabets by Art Glass designer Tammie Martin believes that a house becomes a home only when it is infused with personal touches, and what better way to add warmth and identifiable character than with words and numbers.

Classic Alphabets contains full-size patterns for six complete alphabets in three different font styles and two numeral styles. The technique section explains how to design with letters and numbers, dividing the background and using color. This book is illustrated with 20 design drawings of project ideas for use in traditional stained glass or etched glass, plus 8 full-sized project patterns for do it yourself construction. Using letters and numbers in stained glass windows is a timeless tradition. The letter placement system combined with relatively simple to cut patterns styles will surely enable the tradition to continue.

Product Details:

- 48 Pages
