Windows of Vision Studio Designer Series

Artist Leslie Perlis delivers on her reputation for a keen artistic eye with this retrospective collection of her stained glass designs.

Leslie Perlis's art glass creations have been delighting both public and private spaces for more than 25 years. You will find over 65 color photographs, 43 detailed line drawings and 15 gray scale images chronicling her diverse styles.

Much of Leslie's work is fabricated in traditional lead or foil technique but she likes to add details using blown glass, etched glass, painted and fused glass components. Leslie takes her inspiration from the ocean in her signature "sea-form" pieces as she explores the relationship of bold flowing curves, stark straight lines, and bright energetic colors to produce an exuberant visual experience. Her recent work has found her combining fused glass, metal and wood to create unique sculptures. Her commitment to artistic excellence while pushing the technical envelope is in evidence throughout the collection.
